MOZAMBEAT MOTEL

Established in 2012, Mozambeat has grown from a simple dream into a way of life. Our well stocked onsite bar and restaurant mean you never have to leave the poolside – our shady gardens are an oasis among the palm trees. As the sun drops below the palm-lined horizon, sip cocktails from our upper storey sunset deck or lose track of time by our aquabliss pool. Our restaurant is open daily from 7AM, with the possibility of take away breakfasts for early divers and risers.

We have fully renovated all of our 9 rooms during the COVID-19 closure period to make your stay even better, our facilities are fresh and immaculate. As you can guess, music is at the heart of Mozambeats and you'll notice that all our rooms are named after some of the most influential artists of all time. You will certainly hear their songs in the bar! On that note, we are a sociable place and occasionally hold events

From Mozambeat you can settle into the rhythm of Tofo life, a coastal community that blends Mozambican village lifestyle with intrepid travellers, surfers and divers along the edge of some of the world's most beautiful and unspoilt beaches.

We're also working toward a greener future by doing monthly beach clean-ups and reducing our reliance on single use plastics. Our rooms include eco-friendly amenities, we have our own veggie garden and we do our best to source our produce locally.

We have a secured free parking, free wifi (strong enough for video calls if you work remotely), laundry service and we provide airport pick-ups.

*You can check-in,
but you will never leave*
